ABOUT SHEAFFER

The Sheaffer Pen Company was founded in 1913 by Walter A. Sheaffer, a jeweler in Fort Madison, Iowa. Sheaffer was initially interested in developing a pen that could be refilled easily, without the mess and inconvenience of ink bottles. He eventually patented a lever-filling mechanism that allowed users to refill their pens quickly and cleanly. This innovation helped to establish the Sheaffer Pen Company as a leading manufacturer of fountain pens, and the company continued to develop new designs and technologies over the years. For over a century, the Sheaffer brand has been renowned for its fine writing instruments and exquisite accessories. From iconic fountain pens to contemporary ballpoint and rollerball pens, Sheaffer offers a diverse range of writing instruments designed to inspire creativity and elevate the writing experience. The brand's iconic White Dot is globally recognised as a symbol of quality, prestige and performance.

Sheaffer® Balance III

BORN FROM THE ORIGINAL. BUILT FOR TODAY.

In 1928, Sheaffer changed the language of fountain pen design with the Classic Balance. Its streamlined silhouette became an icon, redefining what a fountain pen could look and feel like.

Nearly a century later,

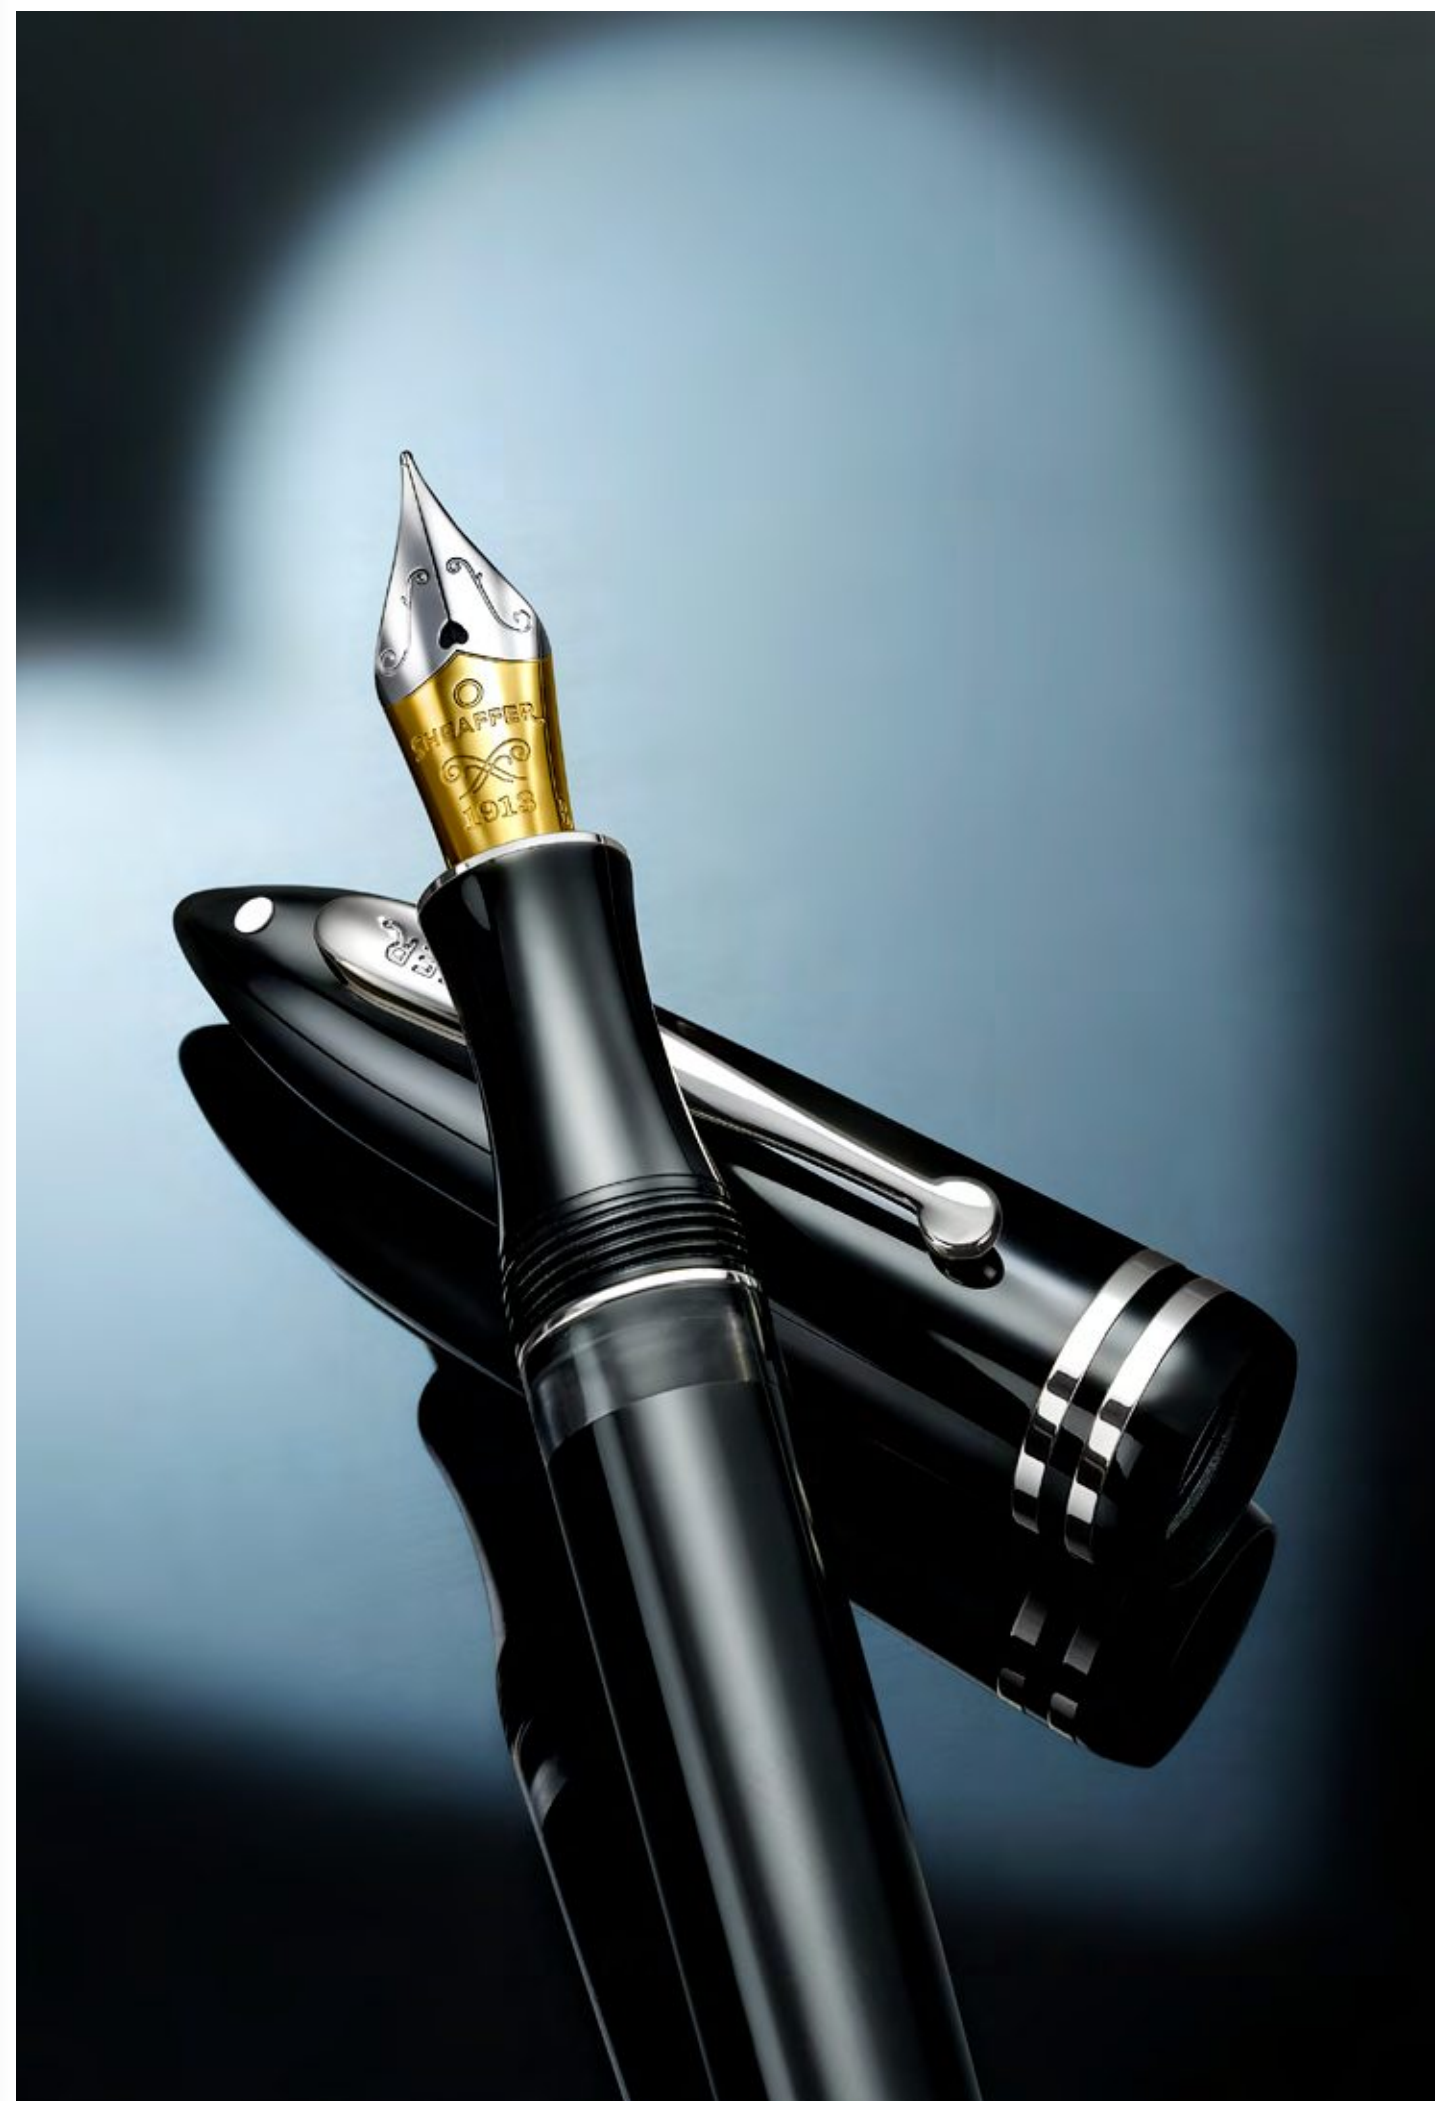

Balance III brings that design legacy into the present.

Built for those who appreciate the craft of writing, it combines the unmistakable character of the original with thoughtful modern engineering.

An integrated ink window, built-in piston-filling system, generous 2 ml. ink capacity, and an expanded nib ecosystem make every detail purposeful.

Balance III is more than a revival.

It is a considered evolution of a design that started a revolution.

Sheaffer® Matcha

BECAUSE SOME THINGS ARE WORTH TAKING YOUR TIME FOR

Matcha has always been about more than just tea. It is a ritual of intention-where patience, precision and presence turn a simple act into something meaningful. Inspired by the considered art of the Matcha ritual, the Sheaffer Matcha Collection brings this sense of calm and consideration to the art of writing.

Its palette of pure whites and nuanced shades of Matcha green reflects the quiet beauty of the ritual itself. Because taking your time isn't about doing less. It's about giving more to what matters.

Sheaffer Matcha, fuel your creativity!

Sheaffer® Expressions

Being timeless isn't about staying the same, it's about knowing when to evolve. Today's generation lives vividly, unapologetically, and entirely on their own terms. For individuals who colour outside the lines and define elegance on their own canvas, Sheaffer takes the next step forward. This is precision reimagined; for those who write their own story, their own way.

Sheaffer® Notebooks

MEDIUM AND SMALL

FOR THOUGHTS WORTH PUTTING DOWN.

Some thoughts arrive quietly. Others demand to be captured before they disappear. Sheaffer Notebooks are made for both.

Designed to complement the Sheaffer writing experience, each notebook brings together considered craftsmanship and everyday functionality. Smooth, acid-free paper gives every stroke the space it deserves, while a durable hardbound cover keeps your ideas protected wherever they take you.

Personalization

At Sheaffer, we believe in the power of meaningful gifts. Our pens aren't just tools; they're timeless symbols of appreciation. Whether for an employee, a client, or a promotional item, a Sheaffer pen elevates any occasion. Personalized with a name or company logo, each pen becomes a cherished keepsake, leaving a lasting impression with every use. Our expertise lies in personalizing writing instruments, and as technology advances so have our methods of customization.

Laser Engraving

Laser engraving brings your personal touch to life using precise laser technology. It vaporizes materials, leaving behind deep, permanent marks on the pen's surface with intricate designs to bring your name or the logo alive.

Clip Emblems

Clip Emblems add a touch of professionalism and style to our pens by rendering metal logos in a standout manner on the pen clip. The logos can be made in various predefined shapes and sizes.

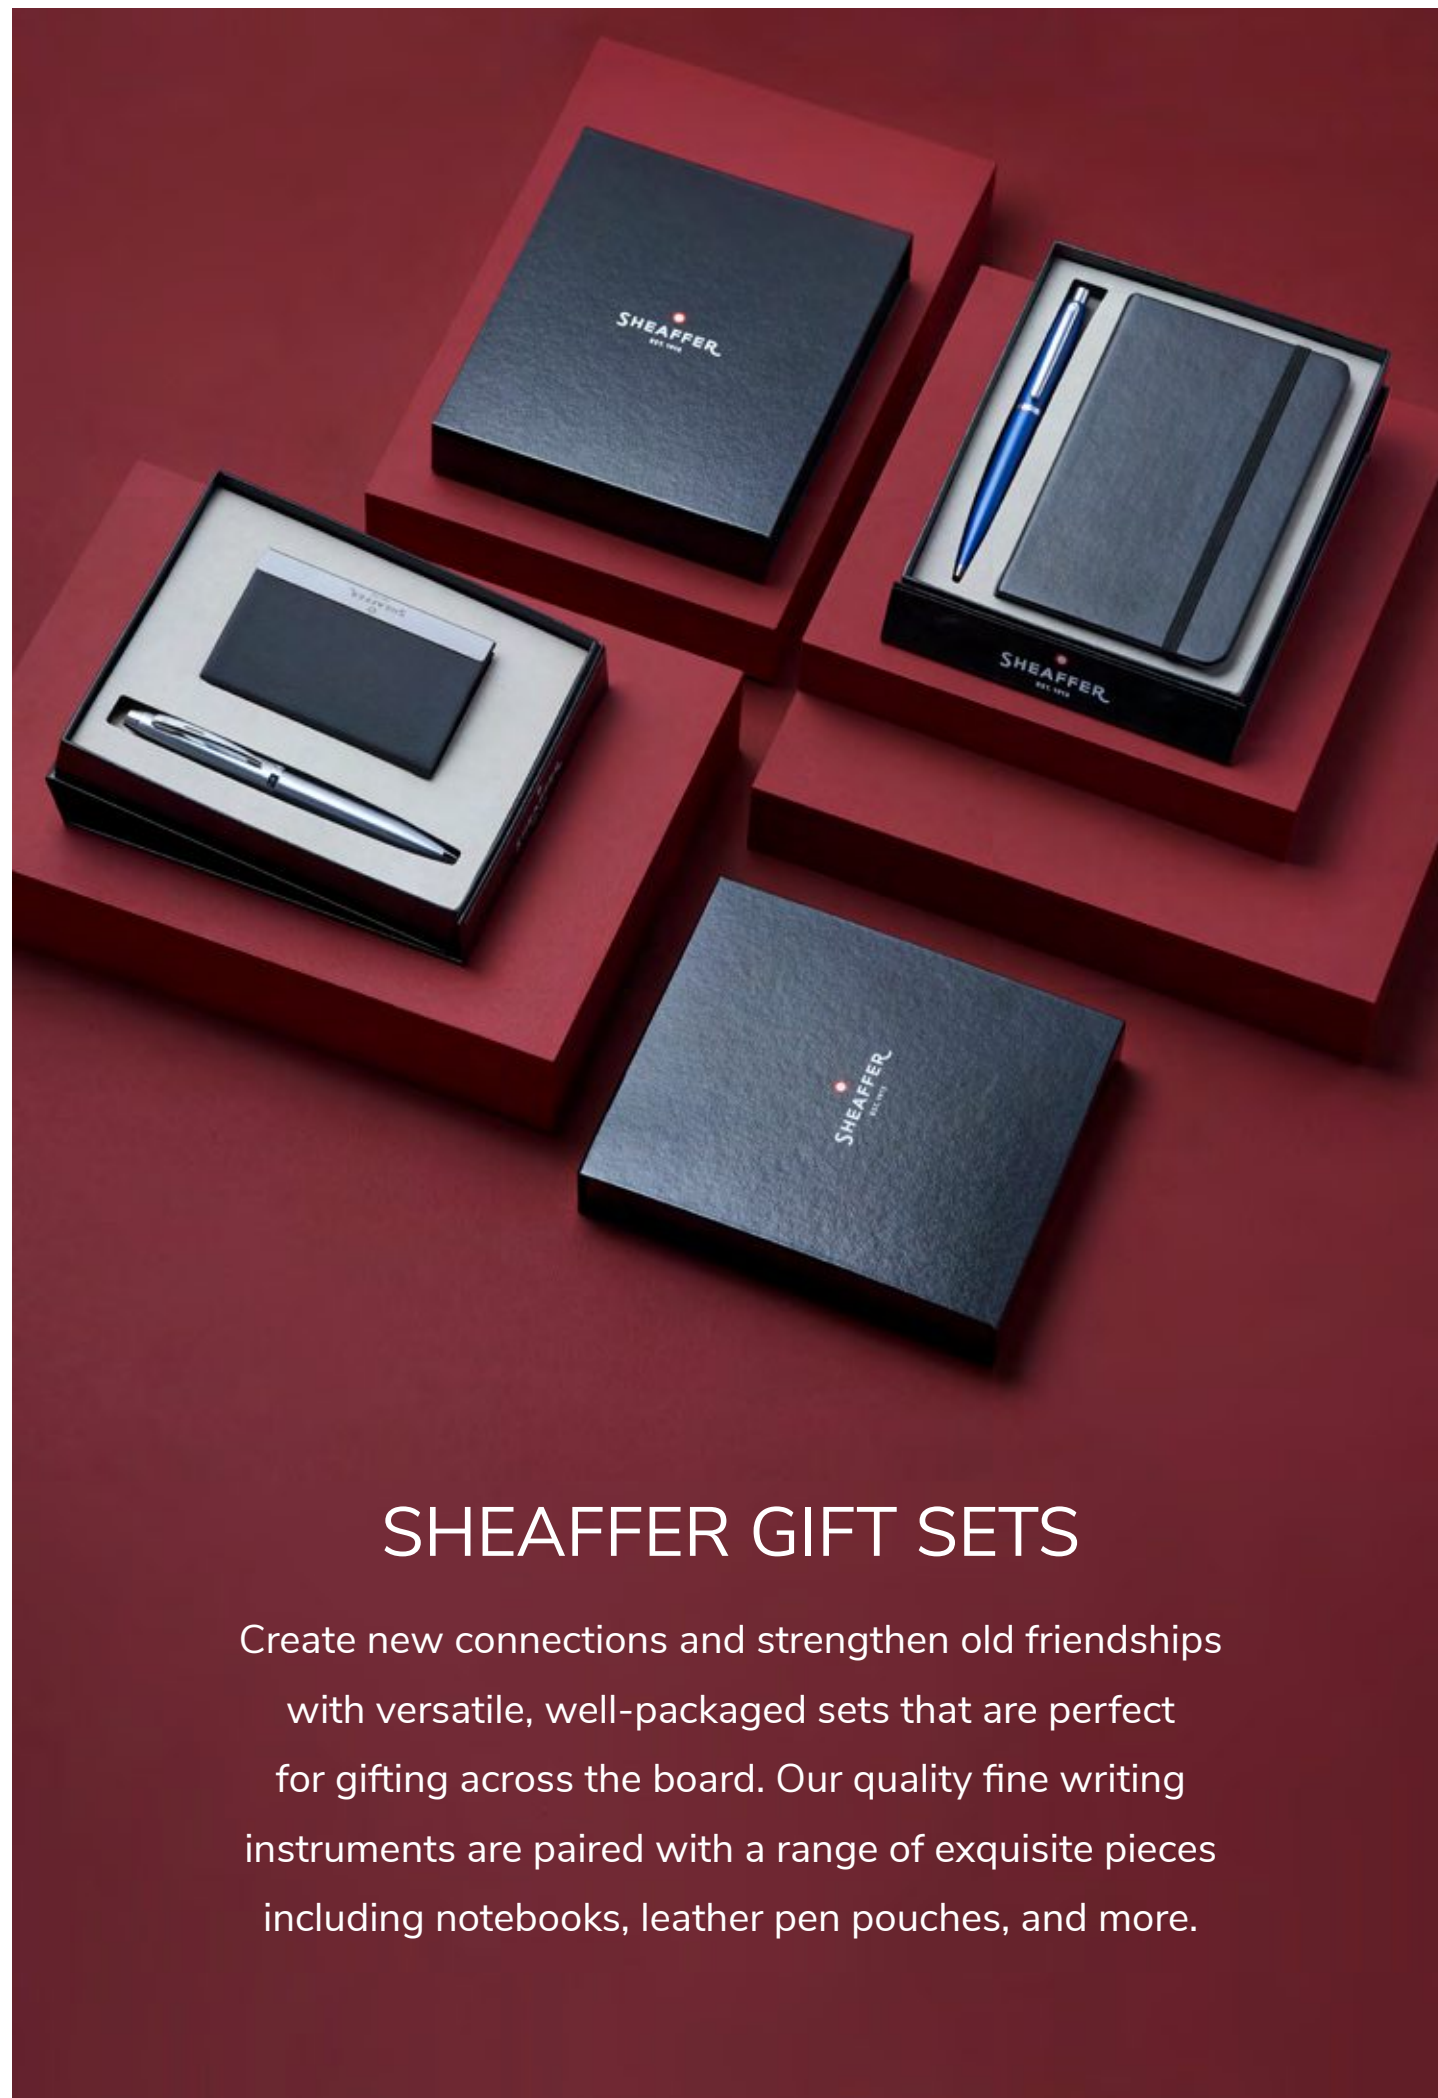

Direct To Film Sticker

Direct to Film Sticker printing, or DTF printing, adds a unique touch to our pens. This method uses a Direct Transfer Film to create a personalized adhesive layer that adds an extra dimension to the pen which is tactile in nature. Direct to Film Sticker is one of the best options for colourful logo printing.

SHEAFFER PEN MUSEUM

FORT MADISON, IOWA, USA

Fort Madison – does this place ring a bell? This is where the Sheaffer Pen Company came to life. To celebrate the success of its writing instruments and the company, Sheaffer built a museum in 2011.

The museum was established to showcase the company's achievements and to take pen enthusiasts through the continuous innovation in writing instruments. It features more than 25 display cases with Sheaffer writing tools and items from the past.

At the museum, visitors can see a mock setup of the factory floor where the iconic Sheaffer pens were made. There is a section showcasing all the different parts that go into making a pen. Visitors can talk to the staff about Sheaffer's history and its evolution over the years. They can also write with some of the old Sheaffer pens to experience the difference and purchase a range of Sheaffer pens on their way out.

Visit the Sheaffer Museum in Fort Madison, Iowa, and delve into the history of how pens were made back in the day and what has made it a brand pen enthusiasts love across the globe.

SHEAFFER WARRANTY

Two-Year International Warranty on Writing Instruments

Sheaffer offers an international mechanical guarantee on its writing instruments, which covers defects in manufacturing and materials for a period of two years from the date of purchase from an authorized Sheaffer retailer. Mechanical failure is defined as a defective product or a product unable to function as a result of construction or workmanship when used in accordance with the Care & Use Instructions enclosed with the product or viewable at <https://sheaffer.com/community/faq>. Sheaffer or its appointed country distribution partners shall have the right to determine if the component is defective and, at its option, replace it with a similar or equivalent item. For a replacement, the defective product must be returned to the nearest Sheaffer authorized service center at the customer's expense (shipping and insurance fees and any additional applicable handling fee for processing). Customers are advised to obtain insurance against loss or damage when shipping products to Sheaffer. Sheaffer cannot replace components it does not receive, so kindly ensure you have proof of shipment. Please visit <https://sheaffer.com/pages/warranty> to complete the online Warranty Form PRIOR to sending us the product. At Sheaffer's discretion, products with issues unrelated to mechanical failure may be serviced on a chargeable basis. Any product which is covered under the terms of this warranty but is no longer in production will be replaced with a comparable Sheaffer product.

Exclusions from warranty include
