2026 HARLEY-DAVIDSON® LIMITED EDITION LIGHTER OF THE YEAR

Head full-throttle into the season with the 2026 Harley-Davidson Limited Edition Lighter of the Year. Set on a classic Tumbled Brass model, the iconic swooping eagle clutches a Harley-Davidson® Motorcycles badge in a fierce 540 Fusion design. The patriotic artwork seamlessly extends around to the reverse side, where "2026 Limited Edition" is luxuriously etched with our Lustre process. Finally, the Harley-Davidson wordmark is revealed in rich brass tones along the non-hinge side. This piece is only available to order in 2026, so be sure to make this keepsake the centerpiece of your display – and your customers' collections.

ACCESSORY LIGHTER INSERTS

Find your favorite flame. From precise and powerful torches to a flameless and windproof electrical arc, customers can swap their lighter's standard windproof insert for one designed for pipes, cigars or anything in between. Each insert is designed to fit into any classic Zippo case* and retains the famous Zippo "click."

Excludes Slim and 1935 Replica cases. Single and Double Torch butane inserts are also not compatible with Armor* cases.

IMPRINT METHODS

Lustre

Restricted to plated finishes, the Lustre process recreates a design with intricate etching, which is then plated to add both depth and durability. Can be combined with 540 Fusion.

#48993

540 Fusion

540 Fusion seamlessly envelops the lighter on all sides with shimmering, metallic color palettes, combining the hallmarks of both our 540 Color and Fusion processes. Can be combined with Lustre for added dimension.

#48994

540 Color

Our proprietary design application seamlessly surrounds the entire lighter (excluding the hinge and bottom stamp) with vibrant, full-color graphics.

#48602

Black Light

Specially formulated ink takes on a bluish glow when exposed to UV black light.

#46676

Black Light

Emblem Attached

Metal, wood or leather emblems are securely affixed to the lighter's surface to provide a tactile, three-dimensional design element.

#20229

Color Image

Zippo's signature printing method is capable of anything from one-color logos to full-color photographic representations.

#46677

Laser Engrave

Computer-programmed laser engravers expertly reproduce artwork onto a variety of base models. The crisp and precise design is revealed in metallic tones beneath the lighter's finish to provide luxurious contrast.

#49826

Laser 360°

Precision lasers engrave 360° seamlessly around the lighter case.

#46310

Photo Image 360°

Our Photo Image technology is extended around all sides of the lighter case to create a seamless, continuous image.

#49469

Laser Two-Tone

Zippo's lasers can be programmed utilizing two different depths, creating a unique contrast with silver and gold tones.

#46311

Texture Print

Multiple layers of ink are applied to create textured icons or patterns that rise from the lighter's surface.

#46861

Any Zippo windproof lighter, when returned to our Repair Clinic, will be put in first-class mechanical condition free of charge, for we have yet to charge a cent for the repair of a Zippo pocket lighter, regardless of age or condition. The finish, however, is not guaranteed.

This guarantee is additional to your statutory rights under national law. Other Zippo products carry their own specific warranties.

Because we are constantly improving our products, some items may not look exactly as depicted. The availability of items in these catalogs is subject to change with or without notice at Zippo's sole discretion.
